Great.

I will put together an agenda. Can you send me any particular topics that we should include in the discussion?

Thanks Doug.

Jason

We can make the suggested time: Nov 2 at 3pm.

Hi Jason

Walter has something on his calendar at from 3 to 3:30 that Thursday, but I believe the entry is no longer applicable (he is now back to his division director job and no longer acting DRA).

I sent him an email earlier to see whether he could make the call Thursday November 2 at 3. I am pretty sure that he will be able to make it; I will let you know when I hear back.

Doug:

Wednesday does not look too good, but I am checking on a couple of times in the afternoon on Thursday. I will try and get back to you shortly.

Thanks
Jason

Hi Jason.

We were not able to meet on this last week. We have a meeting scheduled for Friday morning. Do you want to check calendars for next week for a call with Walter and Martin. Wednesday and Thursday(Nov 1 and 2)look pretty good for us.

Subject: Re: Quarterly Meeting Follow-Up

Hi Jason

On you first question. Very sorry, but the end of September and early October was not looking viable for us given the end of our fiscal year craziness and hurricane response. We are planning on getting together in the next few days (hopefully tomorrow) with some of our counsel folks that have done a lot of property acquisition, to explore options. I will check calendars and get back to you by the end of the week with some potential dates when we might get Walter, Martin and the rest of us together for a call.

On the second matter. We have not heard anything from the Navy or NG on the matter. They seem to raise this every year or so; we say we are available to discuss and they don't seem to follow up. This may just be a bit of a smokescreen for them i.e., "there are others out there that may be responsible instead of us" or they may just want to compile more info to strengthen their argument...not sure.

Will get back to you on Friday.

Thanks

Doug

Doug:

I have been trying to complete the draft minutes from the September 11, 2017 quarterly meeting. I should have those to you guys shortly for review.

I did want to follow up with you though on a couple of action items.

- 1) Did you have any possible dates in mind for a call between EPA and DEC to discuss properties for the Navy groundwater extraction and treatment system?
- 2) During the quarterly meeting there was a discussion on possible VOC sources north and west of the ONCT. The discussion specifically referenced the Oxy site and that Northrop Grumman and the EPA were going to hold a separate meeting to discuss this off-site source more detail. Can you let me know if this occurred?

Thanks and call if easier to discuss.

Jason
